

Reading and Phonics in Early Years and Key Stage 1

We want to ensure that every single child in our school gets the very best support in learning to read and write.

Teaching synthetic phonics, in a systematic way, drives up standards in reading and writing.

Read Write Inc. Phonics is a comprehensive literacy programme designed to get all young children reading and writing quickly. Importantly, phonics is not taught in isolation.

- Initial and on-going assessment tracks every child's progress
- Children are grouped by ability, so they learn rapidly at the right level
- Sounds are taught with rhymes to help the child remember
- Previously learnt sounds are revisited
- Partner work means every child participates in the whole session
- The special 'three reads' approach ensures every child gains accuracy, fluency and a good understanding of the text
- Children take home a phonics book weekly and they also take home a sharing book to read alongside an adult at home.

Phonics sessions take place daily from Reception to Year 2, and where needed in Year 3, and pre-phonics is taught in Nursery. These sessions are taught in addition to daily English lessons.
